

# LONDON DRES

Chaque année, un voyage à Londres sur le thème du théâtre est organisé pour les élèves internationaux et pour les élèves en OIB. Cette année, environ 20 élèves et 3 personnes de l'équipe éducative ont participé au voyage qui s'est déroulé début septembre 2013.

Ce voyage permet aux élèves d'enrichir leurs connaissances sur l'art du théâtre mais aussi de passer de bons moments en profitant des ateliers théâtre inclus au programme. Il ne fait aucun doute que les élèves ont apprécié les ateliers, leur temps libre mais aussi les 5 pièces qu'ils ont vues : Mamma Mia, War Horse, les Misérables, a Midsummers Night Dream, et 39 Steps.

The London trip is a theatre trip that students of the international side and the OIB's can participate in. This year there were around about 20 students and 3 members of staff that went.

This trip enables the students to learn about the arts of theatre but also just to have a good time enjoying the workshops that were also included in the week. There is no doubt that the students enjoyed themselves during the workshops, the free time that they had but also the 5 shows that were seen : Mamma Mia, War Horse, les Misérables, a Midsummers Night Dream, and 39 Steps.

The London trip was a great experience for all of us, to learn about acting and speaking. It was a week that everyone enjoyed and learned from, and I would go back and do it again anytime

For me London wasn't just about plays and workshops and shopping. To me it was an opportunity that has opened my mind to concepts of theatre I hadn't ever considered before. A week of fun, laughter and learning that ultimately changed my life.
